ABOUT CAPTAIN PLANET FOUNDATION

Co-founded in 1991 by Ted Turner and Captain Planet and the Planeteers series executive producer, Barbara Pyle, CPF became a public charity in 2002, under the Chairmanship of Laura Turner Seydel. Its President & CEO, Leesa Carter-Jones, has helmed the organization since 2012, evolving it from a grant-making foundation into an operating organization with four national and global programs. Over the past 34 years, nearly 2 million children have directly participated in CPF's programs, which have funded 3,850+ projects, impacting 11.5 million young people globally.

ABOUT THE EVENT

Every year the philanthropic community gathers to support and celebrate the work of Captain Planet Foundation (CPF). This year we will gather to celebrate CPF's 35th anniversary with a Concert and Gala - a party with amazing food, great music, an extensive silent and live auction, and wonderful honorees who have transformed the music and touring industries.

The background features abstract, organic shapes in teal, light blue, and red. A large teal shape on the left resembles a stylized leaf or a drop. The bottom right corner has a red shape that looks like a pointed petal or a corner of a triangle. The overall effect is a vibrant, modern, and artistic backdrop for the text.
